

Phase 3 tricky words: Reception Spring term

Information for parents and carers

'Tricky words' are words that cannot easily be decoded ('sounded out' and read). This is because some of the sounds in the words are spelled in an unusual way. It is important for children to be able to read these words as they are among the most common words in English.

The table below lists the tricky words that your child will learn in Phase 3 in the Spring term of Reception and explains why each word is tricky. The second table lists the Phase 2 tricky words that remain tricky at this stage of learning. Children will practise the tricky words in school until they can read them automatically. They will also practise reading the tricky words in the decodable books that they bring home.

Phase 3 tricky word	Tricky part(s)	Why is it tricky?
was	a	The 'a' makes the sound o . Learning so far: For 'a', your our child has learned the sound a as in 'cat'.
you	ou	Your child has not yet learned the different sounds made by the digraph 'ou'. Here, it makes the sound oo (as in 'food').
they	ey	Your child has not yet learned the different sounds made by the digraph 'ey'. Here, it makes the sound ai .
my by	y	The 'y' makes the sound igh . Learning so far: For 'y', child has learned the sound y as in 'yap'.
all	a	The 'a' makes the sound or . Learning so far: For 'a', your our child has learned the sound a as in 'cat'.
are	whole word	This is a rare spelling of the sound ar .
sure	whole word	The 's' makes the sound sh . The 'ure' makes two sounds (yoo plus the schwa sound). <i>These are rare spellings for these sounds.</i>

Phase 2 tricky word	Tricky part(s)	Why is it tricky?
l	i	The 'i' makes the sound igh . Learning so far: For 'i', your child has learned the sound i as in 'pin'.
the	e	It is rare for 'e' to make the schwa sound at the end of a word.
put* pull full push	u	The 'u' makes the sound oo (as in 'book'). Learning so far: For 'u', your child has learned the sound u as in 'cup'.
and	nd	Your child has not yet learned how to blend together adjacent consonants.
her	er	Your child has not yet learned the digraph 'er'. Note: They will learn this digraph later in the Spring term.
go no	o	The 'o' makes the sound oa . Learning so far: For 'o', your child has learned the sound o as in 'dog'.
to into	o	The 'o' makes the sound oo (as in 'food') or the schwa sound, depending on context. Learning so far: For 'o', your child has learned the sound o as in 'dog'.
she he we me be	e	The 'e' makes the sound ee . Learning so far: For 'e', your child has learned the sound e as in 'egg'.
of	f	The 'f' makes the sound v . <i>This is a rare spelling for this sound.</i>

*Depending on regional pronunciations, not all children will be taught the words 'put', 'pull', 'full' and 'push' as tricky words.

Terminology

Phoneme: The smallest unit of sound that can be identified in words. We also use the term 'sound' but your child may use the word 'phoneme'. There are 44 phonemes or sounds in the English language.

Grapheme: A letter or group of letters used to represent a phoneme in writing. The way graphemes are used to represent phonemes in our written language is known as the alphabetic code.

Decode: To break down ('sound out') a written word into sounds then blend the sounds together to read the word.

Digraph: A grapheme made of two letters that represent one sound. An example is the 'sh' in 'shop'. Your child may use the mantra 'two letters, one sound' when they spot a digraph.

Schwa: This is the name for the most common sound in English. It is the unstressed sound that we find in many words and can be spelled in many ways. It makes an 'uh' sound, which varies according to accent. Examples include: the, better, carrot, balloon.
